

Canon U.S.A. Inc., is proud to be a recipient of the United States Environmental Protection Agency's 2010 ENERGY STAR® "Partner of the Year" Award!

PARTNER OF THE YEAR

Improved energy performance can benefit your bottom line—and protect the environment—at the same time.

Canon has made an ongoing commitment to the well being of our global community. That's why nearly 100% of its office equipment product line is ENERGY STAR qualified. Through development of exciting new products that have reduced environmental impact over multiple media, participation in the Low Carbon IT campaign, and communication about the importance of energy efficiency, Canon has earned its distinction as an industry leader.

Canon's efforts, together with your own environmental and sustainability initiatives, can help leave a greener footprint on the Earth for future generations.

Canon. The natural partner for business.

ENERGY STAR and the ENERGY STAR mark are registered U.S. marks. Canon is a registered trademark of Canon Inc. and may be a registered trademark or trademark in other countries. IMAGEANYWARE is a trademark of Canon.
